# Phantom Door

For a sleek façade with minimal sight lines

## Features & Benefits

- For a sleek façade with minimal sight lines, the discrete Phantom Door is the innovative design solution
- Ideal for SSG curtain wall applications, the basic SSG door is recommended for a narrow 100A style
- A wide variety of hardware is stocked, but Alumicor can supply and install almost any custom hardware combination
- The door corners are both mechanically fastened and plug welded for dual moment construction
- Custom sizes, finishes and designs available
- Completely factory fabricated for assurance in quality
