

WhisperGlide

WhisperGlide is a multi-track system intended solely for interior use, ideal for room separations, pocket doors and shopping malls. A number of standard designs are offered including bi-parting. Features include interlocking stiles and recessed or surface mounted tracks.

WhisperGlide est un système multiguides conçu uniquement pour un usage intérieur; le système est idéal pour des séparations entre pièces, pour de portes escamotables et pour les centres commerciaux. Un certain nombre de conceptions standard incluant un roulement à double sens des panneaux sont disponibles.

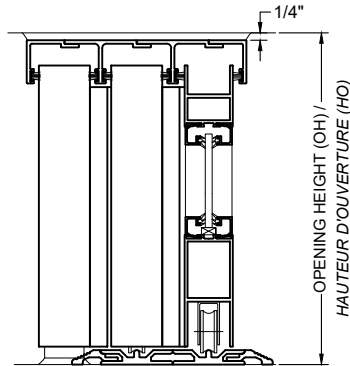

Leurs particularités incluent des montants s'imbriquant aux extrémités ainsi que des rails de guidage encastrés ou montés en surface.
